

# Assignment 01

## System Information Proof

Your Name

```
import platform
import psutil

print("Operating System:", platform.system(), platform.release())
print("Python Version:", platform.python_version())
print("Machine:", platform.machine())
print("Processor:", platform.processor())

mem = psutil.virtual_memory()
print("Total Memory (MB):", round(mem.total / (1024**2), 2))
print("Available Memory (MB):", round(mem.available / (1024**2), 2))
```

```
Operating System: Linux 6.17.0-1010-aws
Python Version: 3.12.3
Machine: x86_64
Processor: x86_64
Total Memory (MB): 7935.53
Available Memory (MB): 5274.77
```
